Comment faire en 30 secondes ?

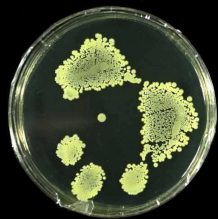

Comment faire en 30 secondes ?

Laver ses mains

c'est l'idéal...

... quand elles sont sales

Madame, Monsieur...

Vous sortez des toilettes...

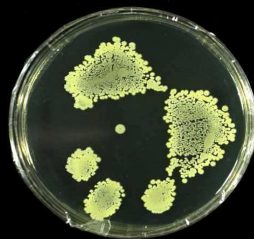

la Solution Hydro Alcoolique ou "SHA" remplace le lavage des mains...

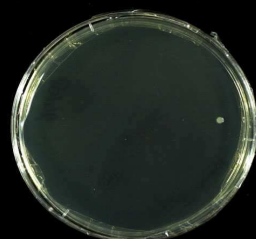

et désinfecte efficacement :

Désinfection par Friction

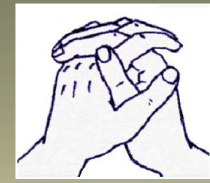

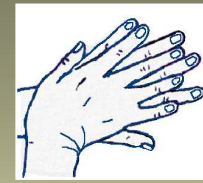

Avant

Après

Comment faire?

Frotter comme une crème...

jusqu'aux mains "sèches" = effet "velours" ressenti
